

LiteTable PATENTED

The Lastolite still life table "LiteTable" will revolutionize your product photography with its ease of use and light control. It can be assembled in minutes (without the use of any screws, bolts or allen keys!) and folds flat into a handy carry case when not in use, making it ideal for occasional use and location work. The unique patented design allows the photographer to control the light distribution underneath the table by positioning the light in different ways, creating graduated backgrounds or a completely even tone. With gels the creative possibilities are endless. Many of these techniques have previously been difficult with conventional light tables as they have open sides underneath.

ePhotomaker

The ePhotomaker has been designed for eBay and other online auction users looking to improve their images. Having well-lit photos with accurate colours can make the difference between selling or not selling a product. The ePhotomaker features a diffusing fabric on one side to soften the light and a reflector to fill in the shadows on the other side. All you need to provide is an ordinary domestic desk lamp. The ePhotomaker kit includes an EzyBalance grey card to control colours and exposure resulting in photographs with crisp white backgrounds. The kit also includes a tabletop tripod.

Features

- ▶ Ideal for selling products on the web
- ▶ Supplied with a blue gel to simulate daylight lighting conditions
- ▶ Collapsible - easy to store
- ▶ Built in reflector on one side, diffuser on the other side
- ▶ Kit contains ePhotomaker, EzyBalance, Blue daylight gel, clips and Tripod
